You May Select and Attend 3 sessions

Community Capacity Building

Living Godly Life in Corps/Church

Community Relations is an important part of a Corps Community Center's success. You will be presented with the tools necessary to successfully reach out to leaders of the community and generate a genuine relationship with the people living in the community.

Multicultural Congregations

Heaven will not be populated with one race of people. It will be populated with the widest variety of races you will ever see. Everyone will get along because we will worship One God and be in One Accord. Come and see and hear what it takes to grow the type of multicultural church God wants us to strive for.

Recruiting Men, Women and Youth

How do we recruit? Who should we recruit? How do we recognize those who are qualified to serve the Lord in The Salvation Army? Listen to this dynamic couple that has a great message for you.

Living the Godly life in Education

The leader of this session is dedicated to establishing a school community whose members learn and teach in a spirit of collaboration and cooperation. She is committed to having a better understanding of what enhances student learning, as well as to designing various learning experiences that create student achievement. It is her personal belief that all students have the capacity to learn and succeed academically regardless of their circumstances.

Youth Track Session I

Christianity and Popular Music

How do they do it? How do they put up with the antics of those in the world? How do they stay grounded? How do they stay humble? They are on the front lines of the battle. Come, see and **hear** what it takes.

Youth Track Session II

Gang Prevention activities for The Salvation Army in 2012

What can I as a young person do to stay away from, help prevent and encourage my peers not to be involved in not only gang activity, but any bad element that would keep me from living the life of a Christian.
